

Great Lakes Seminar Series

Finding and Tracking the "Goldilocks Zone" for Carbon Cycling in a Great Lakes Watershed

Dr. Bopaiah Biddanda, Ph.D.
Grand Valley State University
Annis Water Resources Institute

Thursday, May 11, 2017

1:00 – 2:00 pm EDT

NOAA Great Lakes Environmental Research Lab
Lake Superior Hall*
4840 S. State Rd. Ann Arbor, MI

*Remote participation is available via webinar. To participate remotely, please register at:

<https://attendee.gotowebinar.com/register/4640516694952910082>

Once registered, you will receive a confirmation email containing information about joining the webinar.

Visit www.ciler.snre.umich.edu for more information.

Important Visitor Information

All seminar attendees are required to receive a visitor badge from the front desk at the NOAA Great Lakes Environmental Research Laboratory facility. Attendees need to present a valid U.S. photo ID or green card.

If you are a **Foreign National** advance notification of at least 48 hours is needed so that security guidelines are followed. You will need to present your passport (a copy will NOT work).

For questions regarding building access, or assistance in obtaining Foreign National clearance, please call 734-741-2393. Email contact: Tim.Powell@noaa.gov

TRAFFIC NOTICE: South State Road is currently under construction and is closed to through traffic between Ellsworth and Morgan, where GLERL is located. Access to GLERL is from the south (i.e., via Textile Road to S. State Rd.). Please allow extra time for this detour.
