WE’RE HIRING!

The Cooperative Institute for Great Lakes Research (CIGLR) is seeking **two undergraduate or graduate student research assistants** to support CIGLR’s ECO Program (Engagement, Career Training, Outreach & Communications). Sponsored by the NOAA Great Lakes Environmental Research Laboratory, CIGLR leads exciting new research, trains the next generation of scientists, and turns research into action for safe and healthy Great Lakes communities. [https://ciglr.seas.umich.edu/](https://ciglr.seas.umich.edu/)

- **Hours per week**: 10-15 through this semester
- **Location**: G110 Dana Building, School for Environment and Sustainability
- **Pay**: $12-15 per hour

We seek students with experience in managing Excel spreadsheets, writing, and general organizational skills. Experience with graphics production is a plus. Students are expected to have the ability to work independently with minimal supervision.

The research assistants will support the CIGLR Communications Specialist and CIGLR Program Manager with the following activities:

- Research and summarize impacts
- Produce graphics to illustrate impacts
- Manage CIGLR’s media library
- Conduct interviews to gather impacts data
- Organize and collate datasets
- Gather information on Great Lakes research at U. of Michigan

**To apply**: Email your resume, cover letter, unofficial copy of your transcript, and contact information for 2 references to Mary Ogdahl, ogdahlm@umich.edu. Review of applications is ongoing and the position will be filled once a qualified applicant has been selected.

Position inquiries: For more information about this position, contact Mary Ogdahl at 734-763-3010 or ogdahlm@umich.edu.
